# DAY 1

## YOUR 7-DAY SUCCESS PLAN

I've got some exciting news for you friend and a special new member gift for you.

The number one question we get from all of our new CLASS members is, "Where do I start?".

Rather than give some generic answer, I decided to create a special kick start plan that will not only tell you exactly where to start but also help you get a big win in your business, and quick.

We're calling this your "**7 Day Success Plan**" and it starts TODAY!

Here's the best news, when you complete this plan you should have easily received enough value and benefit to pay for your CLASS membership!

Here's how it will work... **Each day for the next 7 days, I'll send you a short email and a task to complete—we call them "Success Steps"**. Each success step will take around 6 - 10 minutes to complete but the payoff will be BIG.

Ready to get started? Great, here's your very first success step.

[Join the CLASS Membership Community.](#)

Yep, that's it (told you it would be easy). There's nothing more to do today but it's CRITICAL you get this done or what I have to show you tomorrow won't be nearly as effective.

So [click here](#) and join our family online. Our community is so excited to welcome you in!

### HOW TO USE THE FACEBOOK GROUP

If you have limited time, the most important thing you can do is to follow the videos on the membership site that get emailed to you each week. Our Facebook group is to ask questions about how to apply the training to your personal situation. So **the BEST way to use this group is to ask questions and get support.**

Also, we love hearing about your wins. We love seeing the progress you are making and your wins encourage others to get started. So big or small, **share your successes so we can celebrate with you!**

Remember, you get out what you put in. This is a safe place and there is no dumb question. If you are stuck or struggling with something, reach out and [this community](#) is here for you

## DAY 2

# THE FOCUS HOUR

Today is one of my favorite success steps. It's simple but has been responsible for more momentum and growth in my own business than just about anything I can think of.

**Are you ready for the next success step?** Here it goes...

Today I want you to add to your calendar **ONE solid hour THIS WEEK to focus**. If you can't find a full hour, block out 4 days of 15 minutes.

Yesterday you got access to the membership site and (hopefully) activated Core Content and Phase 0 that will overcome or solve your BIGGEST need.

This week I want you to spend just ONE hour focused on completing that training and learning exactly how to make your vision happen.

---

Just one FOCUSED hour... any time throughout the day or night over the next week.

- It could be in the morning, before the kids wake up...
- It could be working at lunch, when you get a break from the boss...
- It could be at night, after everyone else has finally gone to bed...

---

When you do it doesn't really matter. It just matters that you complete this critical success step and get as much out of your focus hour as possible.

Because success begins with a baby step...and this week you will take that first step.

---

**P.S.** If that one focus hour turns into two...Congratulations, you are about to unlock some additional bonuses! For now, just commit to one and make the most of it.

# DAY 3

## HOW TO MOVE FASTER

Do you know why most women making a career change get stuck?

Why they don't move faster?

Why their business (& personal) growth gets stalled?

One. unanswered. question.

Yep, it's that simple. People get stuck because they have **a question without an answer.**

The good news is...You don't need to have that issue anymore.

Your success step for today is simple—login to CLASS FB Group and ask a question.

Now, if you have a specific, career or business related question you've been dying to know, by all means, ASK!

But if you don't have a question in mind, I've included a few options for you with corresponding #hashtags that existing CLASS members will immediately recognize:

### #ASKANNA

#### **OPTION #1:** That one BIG thing **#ASKANNA**

Ask a question that really needs an answer, could be questions like...

"I'm going through the social media module again and you say to find your ideal clients on Instagram. How do you do this??"

Or...

"I'm looking at the videos in the Authentic Marketing module. Can you give some examples or convo starters for storytelling?"

(These are real-life examples taken directly from CLASS, by the way )

## DAY 3: HOW TO MOVE FASTER

### #WHERE SHOULD I START

**OPTION #2:** Not sure where to start? Ask your fellow members! **#WhereShouldIStart**

Feeling overwhelmed? Tell us your situation and ask for help...That's what this community was built for.

### #IMNEWHERE

**OPTION #3:** If you don't feel comfortable asking a question right out of the gate, simply introduce yourself! **#ImNewHere**

If in doubt, just ask "Who else is like me?" Who's in my industry, city, or role? You'll find that there are A LOT of people who have been in your situation that want to help.

Whether you're growing and scaling a business or have no idea what your first step is, or anything in between, today's Success Step is all about introducing you to the power of one of the best communities for women to plan, launch and scale their passions and ideas into their ideal careers or businesses.

So...

Pick a #hashtag...

Pick a question...

Post in CLASS and...

Watch your new best friends in business come to the rescue.

# DAY 4

## HOW TO GET EXTRA HELP

I'm back with Day 4 of your success plan. We are cruising and I'm pumped for you!

Today I want to share with you some resources to help you get extra support and help as you move through the success path.

If there is one thing I know, you do not have to change your career or start a business on your own. We are here for you and our #1 belief at our company is HELP FIRST. So just remember, there is no dumb question and here are some places you can turn to to get support.

- 1. Add the CLASS Q&A sessions to your calendar.** Every month, Anna does a live Q&A call and answers your questions. You can submit your questions [here](#).
- 2. Join a CLASS Accountability Group.** Our CLASS groups are 4-6 people who meet regularly to hold each other accountable. Add your name to the member search tab, reach out to other groups to join and get ready to find your new best business friends!
- 3. Complete Your Profile in the Members Directory.** Did you know that you have your very own spot in the CLASS membership site. We highly recommend completing your profile today so that more people can connect with you and support you! It's super simple to upload a photo and write a few notes about yourself.

Pick one thing from the above list of 3 and get started now!

Alright, there are 3 extra ways that we are here for you to help you get the help you need to make your dream career happen.

## DAY 5

# FALLING BEHIND? NO YOU AREN'T...

How are you?

Today is **Day 5** of your 7-Day Success Plan...

Yesterday, you (hopefully) made your first post in our Members-Only Community, CLASS.

If you didn't get a chance to do that (or any of the Success Steps from the previous 4 days), it's completely understandable. Everyone goes at their own perfect pace and you are never behind!

In fact...statistically, the "Best in Class" only completes **3 out of 4** Success Steps.

The "Average" rate is **2 out of 4**...

...and if life completely got in the way and you only managed to do 1 or didn't get a chance to do any, I want you to know...

I completely understand.

We all have busy lives...

We all have our current careers to manage...

We have families that we love dearly and require our time...

But I still have a goal that I need to accomplish—and that is to fulfill my promise to YOU...The promise I made to help you get enough value in these first 7 days to pay for your membership.

Basically what I'm saying is: **we are in this together.**

That's why I'm strongly encouraging you to jumpstart your Membership by going back and completing any Success Steps you might have missed.

To recap the past 4 days, I've included a list of subject lines and the corresponding Success Steps below so can go back to your inbox, search for any you missed, and get back that time you lo

# DAY 6

## TAKE YOUR ASSESSMENT

Your Success Step for today is to take this [quick assessment](#) that will tell you exactly where you should start in CLASS.

Here's the deal. This is not a one size fits all membership site. We want to make sure our training is personalized to your needs. So that's why we've designed this simple assessment that will help you understand which path to take.

Once you take the assessment, you'll access our CORE CONTENT and learn more about your success path.

### HOW TO MAKE PROGRESS ALONG THE SUCCESS PATH

- Complete the Core module so you know where you are going and where you are right now. If you need a refresher over the coming weeks, watch it again! It will keep you motivated!
- Block out 1 hour per week. Each weekly piece of content is designed to take you less than 30 minutes to watch and then 30 minutes to complete the objectives.
- Make a goal. A good goal is to complete phase 2 in 90 days. If you block out an hour per week you can do this. If you have less time, just try to get to phase 1 in 90 days. If you have more time, take action with the lessons and complete the objectives.

Remember, if you get stuck somewhere, just skip it or ask for help.

My goal is to help you use your membership and make progress. Let me know what success path you are working on in the Facebook group!
